MCAS CHERRY POINT, NORTH CAROLINA
WETLANDS DELINEATION REPORT - SITE 85

Dear Mr. Myers:

I have enclosed one copy of the Wetland Delineation Report for Site 85. I have also enclosed two copies of the Report for Dave Noble (one for his information and one for the Army Corps of Engineers as they verify the wetlands this Wednesday). It is our intention that once the wetlands are verified and the data points have been surveyed, a site map showing the surveyed locations will be provided. We also intend to include in the Report at a later date a copy of the aerial photo referenced in Section 2 of the Report and a copy of the photographs that were taken when the wetland delineation was performed.

Please feel free to call me at (412) 921-8992 if you have any questions.

Sincerely,

Gregory L. Zimmerman, P.E.
Project Manager
